PROFILE

Artificial Intelligence undergraduate at SLIIT with practical experience in Machine Learning, Data Analysis, and AI application development. Currently working as a Data Processing Associate at Soundmouse (BMI by Soundmouse), processing large-scale media datasets while building expertise in **Artificial Intelligence**, **Data Science** and **Software Engineering**. Passionate about developing intelligent solutions for real-world problems.

WORK EXPERIENCE

Soundmouse (BMI by Soundmouse)

Data Processing Associate

MAY 2026- PRESENT

- Process and analyze large-scale music usage and broadcast datasets with a strong focus on accuracy and quality.
- Validate and maintain media metadata to ensure reliable and consistent data across multiple sources.
- Detect, investigate, and resolve data inconsistencies using analytical and quality assurance techniques.
- Meet daily productivity and quality KPIs while maintaining a high level of data accuracy.
- Collaborate with internal teams to streamline data processing workflows and improve operational efficiency.
- Strengthen expertise in data processing, data validation, analytical thinking, and attention to detail through real-world media data operations.

EDUCATION

BSc (Hons) in Information Technology

2024-2028

Specialization in Artificial Intelligence

Sri Lanka Institute of Information Technology (SLIIT)

G.C.E. Advanced Level (Biological Science)

2021(22)-2023(24)

Highlands College, Hatton

G.C.E. Ordinary Level

2020(21)-2021(22)

Highlands College, Hatton

SKILLS

Technical Skills

Python | JavaScript | SQL | HTML | CSS | React.js | FastAPI | Machine Learning | Generative AI | Artificial Neural Networks | Computer Vision | Data Analysis | Data Cleaning | Data Validation | Pandas | NumPy | Scikit-learn | TensorFlow/Keras | Streamlit | Microsoft Excel | Git | GitHub | Azure Machine Learning | SQLite | Chart.js | Software Development Life Cycle (SDLC) | REST APIs

Soft Skills

Problem-Solving | Analytical Thinking | Critical Thinking | Attention to Detail | Time Management | Teamwork | Communication | Adaptability | Quick Learning | Research & Documentation

PROJECTS

AI-Powered Flower Classification	(Mar 2026 - Present)
- Developed a CNN to classify flower images into five categories. - Applied image preprocessing and model evaluation to improve prediction accuracy. - Built a Streamlit web application for real-time image classification. - Technologies: Python, TensorFlow/Keras, Streamlit, Pandas, NumPy	
AI-Powered Weather & Travel Planner	(May 2026)
- Developed a full-stack weather and travel planning application. - Integrated Weather APIs for real-time and 5-day forecasts. - Implemented interactive maps and travel recommendation features. - Technologies: React.js, FastAPI, SQLite, JavaScript, React Leaflet, Chart.js	
Personal Portfolio Website	(Mar 2026)
- Designed and developed a responsive personal portfolio website. - Showcased projects, technical skills, and certifications. - Integrated GitHub and LinkedIn profiles for easy navigation. - Technologies: HTML, CSS, JavaScript	
Credit Scoring Model - Predicting Creditworthiness	(Mar 2026)
- Developed a Random Forest model to predict creditworthiness. - Performed data preprocessing, feature engineering, and model evaluation. - Evaluated performance using R² Score, MAE, and MSE. - Technologies: Python, Pandas, Scikit-learn, NumPy	
Machine Learning Model Training & Evaluation	(Jun 2026)
- Developed and evaluated KNN, Decision Tree, and Random Forest models. - Performed feature selection, training, testing, and performance evaluation. - Used Iris, Titanic, and Breast Cancer datasets for supervised learning. - Technologies: Python, Pandas, NumPy, Scikit-learn, Matplotlib	

CERTIFICATIONS

Artificial Intelligence & Machine Learning
- Artificial Intelligence Stage 1 - SLIIT (2026) - Introduction to AI Concepts - Microsoft Learn (2025) - Introduction to Generative AI and Agents - Microsoft Learn (2025) - Get Started with Machine Learning in Azure - Microsoft Learn (2025) - Analyze Images - Microsoft Learn (2025)
Software Engineering & Programming
- Software Engineering Essentials - Coursera (2026) - Introduction to Software Engineering - IBM Skills Network (2026) - Python for Beginners - University of Moratuwa (2026)
Productivity
Getting Started with Microsoft Excel - IBM Skills Network (2026)

EXTRACURRICULAR ACTIVITIES

- Member, IEEE Student Branch - SLIIT (2026 - Present) - Participant, Artificial Intelligence Events & Workshops - Participant, DevOps Workshop - SEDC (2025) - Member, Chess Club - SLIIT - Participant, School & National Art Competitions - Member, Junior Band (Melodica) - Highlands College

ACHIEVEMENTS & LEADERSHIP

3rd Place - Adhyapana Plus National Art Competition (2019) - Selected among the Top 100 entries from over 3,000 submissions nationwide.

LANGUAGES

- Tamil - Native / Bilingual Proficiency - English-Professional Working Proficiency
